

FDS Code Update Report

Cover Sheet

Complete one cover sheet per PR requiring or voluntarily using an Update Report. Attach at least one **report_sup.pdf** sheet, with additional sheets as needed. See the forms README for full completion rules.

1. Complete by hand in ink, without AI assistance, in English, Japanese, Traditional Chinese, or Simplified Chinese.
2. Record every applicable value. Use N/A with a reason only when a field cannot apply; write the accurate value if no choice applies.
3. Before review, give the complete report to the reviewer assigned under POLICY.md and the project GOVERNANCE.md.
4. The PR author keeps the original for four months after merge or closure. During the first three months, the Project Maintainer may request delivery; the project shall pay all fees incurred by delivery. Failure to produce it may trigger governance review.

I. Pull request details

Project:	_____	Repository:	_____
PR number:	_____	Target branch:	_____
PR author:	_____	Reviewer:	_____
Families:	_____	Components:	_____
Date:	_____	Supplementary pages:	_____

II. Submission details

Role (highest applicable): ☐ Contributor ☐ Reviewer or Steward
☐ Component Maintainer ☐ Family Maintainer ☐ Project Maintainer

Applicable AI tier(s): ☐ Forbidden ☐ Author-Owned ☐ Human-Led ☐ Co-Authored

AI assistance used in this PR: ☐ No ☐ Yes

If yes: ☐ Design ☐ Code ☐ Tests

III. Declaration

PR author declaration. I have personally reviewed and understand every submitted change, and I accept responsibility for the work covered by this report. The attached detail pages identify the affected work and, where applicable, the design used and why that design should be adopted. I can explain, modify, test, and debug the work without asking an AI system to reconstruct it for me.

I completed this report, including every attached page, by hand in ink and without AI assistance. The AI disclosure above applies only to work on the pull request.
